

Thank you to Urs and friends for your generous support during the Covid19 crisis in Sangkhlaburi

In May 2020 we used your 32,144 baht donation towards our monthly food welfare program. Since March the program has grown from 40 families to 65 families and still increasing as the economic situation starts to hit many families. In the last week some hotels and guesthouses have started to re-open and we have seen some visitors from Bangkok at the weekends. This is some good news for the local economy, but many families are still without income and your help has been very important for them.

In May we provided food welfare for 65 families including 205 children and 105 adults.

Rice 33 x 45 KG sacks	850 baht	28,050
Cooking oil 62 bottles	38 baht	2,356
Eggs 68 trays (30 eggs per tray)	87 baht	5,916
	TOTAL	36,322 baht

Thank you
